EXPERIENCE

National Freelancing Training Program

March 2023- July 2023

Web Developer Intern

- Designed and built responsive websites using HTML, CSS, and JavaScript to enhance user experience.
- Applied coding standards and best practices to optimize website performance and functionality.

National Vocational & Technical Training Commission

February 2023- May 2023

Web Developer Intern

Completed a comprehensive web development course at NAVTTC, gaining proficiency in front-end technologies including HTML, CSS, JavaScript, Bootstrap, and Angular frameworks.

ACADEMICS PROJECTS

- **Java**

Word Guessing Game

- Created a word guessing game using Java, where users guess a randomly selected word.
- Developed an easy-to-use interface with features like input validation and scoring.
- Included functionalities such as random word generation, hints, and displaying game statistics.
- Used Java programming to manage game logic, including arrays, strings, and user input.

Hotel Management System

- Developed using Java for the interface and SQL for database management.
- Features include room booking, guest management, and room service handling.
- Ensured data accuracy and efficient retrieval with SQL queries.
- Demonstrated proficiency in Java programming and SQL database integration.

- **C++**

Tower of Hanoi Game

- Implemented the Tower of Hanoi puzzle using recursive algorithms in C++.
- Designed a user interface allowing players to interact by entering the number of disks and seeing the solution steps.
- Demonstrated proficiency in recursive problem-solving and algorithmic thinking.
- Documented the project with clear explanations of the implemented algorithms and their efficiency.

- **Web Development**

Cakespot Bakery Website

- Developed a bakery website, "Cakespot," featuring products, services, and ordering options.
- Implemented CSS animations to enhance user experience and engagement.
- Designed a visually appealing and responsive interface using HTML, CSS, and JavaScript.
- Demonstrated proficiency in front-end web development, CSS animations, and user interface design.

Portfolio Website

- Created a personal portfolio website showcasing projects, skills, and achievements in web development.
- Designed a responsive and user-friendly interface using HTML, CSS, and JavaScript.
- Incorporated features such as project galleries, contact forms, and social media links.
- Demonstrated proficiency in front-end web development and design principles.

- **Graphic Design**

Logo, Poster, and Packaging

I specialize in graphic design, focusing on creating logos that represent brands, designing posters that catch attention, and developing packaging that looks great and works well for products.
